*Re: Application for Approval of Demand-Side Management and Energy  
Efficiency Cost Recovery Rider Programs  
Docket No. E-22, Sub 589*

Dear Ms. Campbell:

Virginia Electric and Power Company, d/b/a Dominion Energy North Carolina (the "Company"), hereby files its Confidential Pages to its Application for approval of cost recovery for the Company's approved and proposed demand-side management and energy efficiency measures as filed in this same proceeding.

These Confidential Pages contain confidential information related to program or vendor costs, including Company Exhibit DRK-1, Schedule 5, Company Exhibit JEB-1, Schedules 1, 2, 3, 4, 5, 6, and 7, Company Exhibit EBL-1, Schedules 1 and 2, and Company Exhibit REM-1, Schedules 1 and 3. Information designated by the Company as confidential qualifies as "trade secrets" under N.C.G.S. § 66-152(3). Public disclosure of this information would allow access by external vendors to the projected or actual costs for services that will be or have been competitively bid, which may provide commercial value to such external vendors and may ultimately result in harm to ratepayers. Pursuant to N.C.G.S. § 132-1.2, the Company is filing these confidential pages under seal. The Company will make this information available to other interested parties pursuant to an appropriate nondisclosure agreement.

Please do not hesitate to contact me if you have any questions. Thank you for your assistance in this matter.

Very truly yours,

/s/E. Brett Breitschwerdt
