RE: NCUC Docket No. E-100 Sub 90,
NC GreenPower Board Appointment

Dear Ms. Campbell:

With Jennifer Weiss' transition into the Energy Finance seat on the NC GreenPower Board of Directors, her Environmental/Consumer Advocacy seat is now vacant. Because of this, we request that the North Carolina Utilities Commission (NCUC) begins to accept nominations to appoint one Environmental/Consumer Advocacy Director. The term for this seat will be through September 30, 2022, the original end date for this appointment.

In order for individuals to have sufficient time to nominate themselves or others for appointment, and for the NCUC to make timely new appointments, it is our hope that the nomination period will be open through Friday, February 21, 2020. Thank you for your consideration.

Sincerely,

Victoria McCann
Vice President
