Docket

E-7 Sub 1155

Message

As a ratepayer and building industry professional, I cannot stress enough how much Duke Energy Progress' Residential New Construction Program has done to promote efficiency, save money, and reduce greenhouse gases in that territory. The incentive has produced quantifiable savings and our industry has seen firsthand more savings in the Progress territory, where the incentive has been in place for several years, versus the Carolinas territory where it is not available. Having the incentive available in the Carolinas territory would be good for residents of our state. I am asking the Commission to weigh in on Docket No E-7 Sub 1155 by directing Duke Energy and gas utility industry stakeholders to come up with a solution that will allow this incentive to be available for Duke Energy Carolinas customers. Thank you.
