

**STATE OF NORTH CAROLINA  
UTILITIES COMMISSION  
RALEIGH**

DOCKET NO. E-2, SUB 834

BEFORE THE NORTH CAROLINA UTILITIES COMMISSION

In the Matter of  
Request of Progress Energy Carolinas, Inc.,     )  
To Revise its Meter-Related Optional         ) ORDER GRANTING REQUEST  
Programs Rider                                     )

BY THE COMMISSION: On January 26, 2010, Progress Energy Carolinas, Inc. (Progress), filed a revision of its Meter-Related Optional Programs Rider which would delete all reference to Energy Profiler Online™ (EPO™) and insert a more generic reference to this service. The optional program offers customers with demand of 30kW or greater the ability to access historical usage data from any internet-capable location. Effective February 1, 2010, Progress is discontinuing business with Schneider Electric, the provider of the internet service used in the option, and is replacing the vendor's services with services from another vendor and Progress' own in-house services.

The Public Staff presented this matter at the Commission's Regular Staff Conference on February 8, 2010, and recommended that the revised tariff be approved.

Based on the foregoing, the Commission is of the opinion that Progress's request to revise its MROP Rider should be approved.

IT IS, THEREFORE, ORDERED, that Progress's revised MROP Rider is hereby approved as filed, effective on the date of this Order.

ISSUED BY ORDER OF THE COMMISSION.

This the 9<sup>th</sup> day of February, 2010.

NORTH CAROLINA UTILITIES COMMISSION

Gail L. Mount, Deputy Clerk

Commissioner Susan W. Rabon did not participate in this order.
