VIRGINIA ELECTRIC AND POWER COMPANY  
Power Contracts (3SE)  
5000 Dominion Boulevard  
Glen Allen, Virginia 23060-6711

Attention: Scott Gaskill, Director, Power Contracts

**Re: QF Quarterly Status Report for the Max Planck Solar, LLC**

Article 7 of the Agreement for Sale of Electrical Output between Virginia Electric and Power Company ("Company") and Max Planck Solar, LLC ("Operator") dated February 27, 2015 (the "PPA") has a requirement for Operator to provide quarter construction reports prior to the Commercial Operation Date. In lieu of a construction report, Operator is notifying the Company that Operator no longer plans to pursue this project. Operator requests that the PPA be terminated. Please let me know if Operator needs to do anything else to terminate the PPA.

Sincerely,

Georg Veit,

Manager Max Planck Solar, LLC
