Re: NCUC Docket No. E-100, Sub 90
NC GreenPower Board Appointment Nomination

This letter is to request consideration for reappointment to the NC GreenPower Board of Directors, in a Consumer/Environmental Advocacy Seat.

I am currently serving on the GreenPower Board of Directors in a Consumer/ Environmental Advocacy Seat, and I would like to continue to support NC GreenPower by serving another term on the Board. I believe my experience on the GreenPower Board of Directors, and my 25 year career at the US Environmental Protection Agency will allow me to continue to contribute to the important work of NC GreenPower.

Thank you for your consideration.

Sincerely,

Connie B. Oldham
