TO: Gregorio Xalcozotzin,

Father of G. Salazar-Tepete,

born December 28, 2011. Take notice that a Petition has been filed by the Hoke County Department of Social Services alleging that the above-named juvenile is abused and neglected. Durham police investigate fatal shooting of man in car

BY JULIAN SHEN-BERRO
jshen-berro@newsobserver.com

DURHAM

The Durham Police Department is investigating a weekend shooting that fatally wounded a man while he was inside of a car.

The shooting took place just before 12:45 p.m. Sunday near the intersection of Holloway Street and Hardee Street, the department said in a Tuesday news release.

Officers found Bryant Bennett, a 52-year-old Durham man, lying shot beside a car.

He was taken to the

hospital, where he died. Police said Bennett appeared to have been shot while inside the vehicle, and that it did not seem to be a random shooting.

Kammie Michael, a Durham police spokesman, declined to comment on whether Bennett was driving the car, citing the ongoing nature of the investigation.

She declined to say whether Bennett owned the vehicle, or whether a motive or suspect had been identified.

As of Aug. 14, 158 people had been shot in Durham this year — 26 fatally, according to police data. While the number of

people shot was down from 183 as of the same date in 2020, deaths were up from 20.

At that point in 2019, 103 people had been shot, 21 fatally.

Police have asked those with information about the Sunday shooting to call investigators at 919-560-4440, ext. 29330 or CrimeStoppers at 919-683-1200. Those who provide information leading to arrests in felony cases can earn cash rewards and callers do not have to identify themselves.

Longtime ABC11 reporter retires

BY BROOKE CAIN
bcain@newsobserver.com

Longtime WTVB reporter Ed Crump is retiring. After 43 years in journalism — 37 of those at the Disney-owned-and-operated ABC11 — Crump said on his ABC11 Facebook page on Tuesday that it's time to start a new "big adventure."

Crump, who is 64, said wanting to spend extended time with his daughter, who is visiting from Spain, is one reason for his retirement decision now. He also said that working from home during the pandemic and his 2018 diagnosis of smoldering myeloma, a precancerous condition that can lead to multiple myeloma, were also factors.

"Those two things in

Ed Crump

particular have made me hyper aware of the value of life and loved ones," Crump wrote. "The past 18 months — spent mostly alone with my college sweetheart and wonderful wife of 42 years — also made me realize that I am ready to spend the rest of my life with her unencumbered by employment."

In an interview with The News & Observer on Tuesday, Crump said his myeloma diagnosis made it necessary to work from home throughout the COVID-19 pandemic and the recent delta variant surges, and that facing his mortality also made him even more eager to start his retirement.

His pre-stage myeloma condition is monitored quarterly, so that doctors can know quickly if his cancer moves to Stage 1. His mother previously died from multiple myeloma, so he is vigilant about protecting his health and staying on top of the progress of the disease.

In his Facebook post, Crump thanked viewers for their support over the years.

"I and all other residents of the Heart of Carolina ... are among the most kind and generous people in the world," Crump wrote.

He also urged people to get vaccinated, saying "retirement will be much more enjoyable when we are able to travel and otherwise move about freely by putting an end to this pandemic."

Crump's last day at the station will be this Friday, Sept. 10.

Why you need dental insurance in retirement.

Many Americans are fortunate to have dental coverage for their entire working life, through employer-provided benefits. When those benefits end with retirement, paying dental bills out-of-pocket can come as a shock, leading people to put off or even go without care.

Simply put – without dental insurance, there may be an important gap in your healthcare coverage.

When you're comparing plans...

- Look for coverage that helps pay for major services. Some plans may limit the number of procedures – or pay for preventive care only.
- Look for coverage with no deductibles. Some plans may require you to pay hundreds out of pocket before benefits are paid.
- Shop for coverage with no annual maximum on cash benefits. Some plans have annual maximums of \$1,000.

Medicare doesn't pay for dental care.¹ That's right. As good as Medicare is, it was never meant to cover everything. That means if you want protection, you need to purchase individual insurance.

Early detection can prevent small problems from becoming expensive ones.

The best way to prevent large dental bills is preventive care. The American Dental Association recommends checkups twice a year.

Previous dental work can wear out. Even if you've had quality dental work in the past, you shouldn't take your dental health for granted. In fact, your odds of having a dental problem only go up as you age.²

Treatment is expensive — especially the services people over 50 often need. Consider these national average costs of treatment ... \$217 for a checkup ... \$189 for a filling ... \$1,219 for a crown.³ Unexpected bills like this can be a real burden, especially if you're on a fixed income.
