and Energy Efficiency Cost Recovery Rider            )  
Pursuant to N.C.G.S. § 62-133.9 and                )  
Commission Rule R8-69                                    )

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission has scheduled a public hearing in the annual demand-side management (DSM) and energy efficiency (EE) cost recovery proceeding for Duke Energy Carolinas, LLC (DEC). The public hearing has been scheduled to begin immediately following the public hearing in Docket No. E-7, Sub 1190, which is scheduled to begin at 9:30 a.m. on Tuesday, June 11, 2019, in Commission Hearing Room 2115, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina. This proceeding is being held pursuant to the provisions of N.C.G.S. § 62-133.9 and Commission Rule R8-69, and for the purpose of determining whether an increment or decrement rider is required to allow DEC to recover all reasonable and prudent costs incurred for adoption and implementation of new DSM and new EE measures and appropriate incentives. Public witness testimony will be received in accordance with Commission Rule R1-21(g).

On February 26, 2019, DEC filed its application and testimony for approval of DSM/EE cost recovery pursuant to N.C.G.S. § 62-133.9 and Rule R8-69. By its application, DEC requests a total annual revenue requirement of approximately \$229 million for inclusion in the DSM/EE rider authorized by the statute and Commission Rule. The proposed DSM/EE cost recovery rider would be effective for service rendered on and after January 1, 2020. The request, including the regulatory fee, would result in a decrease of 0.0472 cents per kilowatt-hour (kWh) for residential customers, and thus a decrease of about 47 cents in the monthly bill of a residential customer using 1,000 kWh of electricity. The effect of the request on current non-residential customers would depend upon each customer's particular participation in DEC's DSM or EE programs. However, the rates of non-residential customers who have participated in all of DEC's DSM and EE programs since 2009 would decrease by 0.1155 cents per kWh. Non-residential customers participating in DEC's DSM programs beginning in 2020 would pay DSM/EE rider charges of 0.1101 cents per kWh, and non-residential customers participating in DEC's EE programs beginning in 2020 would pay DSM/EE rider charges of 0.3082 cents per kWh. Non-residential customers may obtain detailed information about the rider increases or decreases applicable to their particular circumstances by contacting their DEC account representatives directly or DEC's

Customer Service number at 1-800-777-9898. Industrial and large commercial customers that have opted out of and never participated in DEC's DSM and EE programs pursuant to N.C.G.S. § 62-133.9 are not subject to the DSM/EE rider.

In addition, further information may be obtained from the Office of the Chief Clerk, North Carolina Utilities Commission, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina, where a copy of DEC's application is available for review by the public, and on the Commission's website at [www.ncuc.net](http://www.ncuc.net).

The direct testimony and exhibits of expert witnesses to be presented by intervenors should also be filed with the Commission on or before Monday, May 20, 2019.
