FILED

NOV 13 2015

Clerk's Office
N.C. Utilities Commission

To Whom It May Concern

- "Duke Energy has asked the N.C. Utilities Commission to fine a small nonprofit group, NC WARN, \$1,000 per day for selling solar energy to a church in Greensboro.

Do not fine NC Warn.

Please stop Duke Energy. They are a monopoly and are detrimental to the citizens of NC. Green energy is the future. Duke should attempt the future themselves and stop polluting our air and water.

It is outrageous that they also wish to purchase Piedmont Natural Gas. This will put us at the mercy of Duke Energy.

Now when ineffective Duke Energy turns off or loses electricity, we are able to stay warm with natural gas. Duke is so greedy and hateful, they will also turn off the gas.

STOP DUKE ENERGY.
