Docket

E-7 Sub 1155

Message

I have been using Duke Energy Progress' Residential New Construction Program for several homes and find it a great way to help us upgrade efficiency and it has had a great track record in expanding housing efficiency. I am asking the Commission to weigh in on Docket No E-7 Sub 1155 by directing Duke Energy and gas utility industry stakeholders to come up with a solution that will allow this incentive to be available for Duke Energy Carolinas customers. Thank you.

I can explain to customers the benefit of energy efficient homes but by having these incentives it actually has a cost savings effect for them.
