Clerk's Office  
N.C. Utilities Commission

I want to keep my analog meter and I don't feel I should be penalized with fees to keep it. I will send in the usage info every month if I need to. I want to keep my family safe. I do not want to have a smart meter on my home or around me giving off high amounts of radiation that is very harmful. People shouldn't have to pay a company to keep them from harming them and their families.

Thank you...
