CAROLINA UTILITIES COMMISSION RALEIGH
DOCKET NO. E-100, SUB 137
BEFORE THE NORTH CAROLINA UTILITIES
COMMISSION
In the Matter of
2013 Integrated Resource Plan Annual
Update Reports and Related 2013
REPS Compliance Plans
NOTICE OF PUBLIC HEARING ON
2013 IRP ANNUAL UPDATE REPORTS
AND 2013 REPS COMPLIANCE PLANS

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission (Commission) has scheduled a public hearing in conjunction with the Commission's review and evaluation of integrated resource planning (IRP) for North Carolina. The purpose of the review and evaluation is to ensure that each regulated electric utility operating in North Carolina is developing reliable projections of the long-range demands for electricity in its service area and is developing a combination of reliable resource options for meeting the anticipated demands in a cost-effective manner. IRP is intended to identify those electric resource options which can be obtained at least cost to ratepayers in North Carolina consistent with adequate, reliable electric service. IRP considers conservation, efficiency, load management and other demand-side program alternatives in the selection of resource options. Commission Rule R8-60 requires that each of the electric utilities furnish the Commission with a biennial report in even-numbered years that contains the specific information set out in that Commission Rule. In odd-numbered years, each of the electric utilities must file an annual report updating its most recently filed biennial report. In addition, electric power suppliers are required to include their plans for meeting customer electric needs via renewable energy resources and energy efficiency programs by submitting a Renewable Energy and Energy Efficiency Portfolio Standard compliance plan (REPS compliance plan) as part of the IRP filing.

During the public hearing to be held in this docket, the Commission will receive testimony from nonexpert public witnesses with respect to the most current annual update IRP reports and REPS compliance plans filed in 2013 by Duke Energy Progress, Inc., Duke Energy Carolinas, LLC, and Virginia Electric and Power Company d/b/a Dominion North Carolina Power.

A night hearing for the convenience of public witnesses and solely for the purpose of taking nonexpert public witness testimony is hereby scheduled as follows:

Raleigh, 7:00 p.m., on Monday, March 3, 2014, in Commission Hearing Room 2115, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina.

Anyone wishing to review the IRPs and REPS compliance plans filed by the utilities may do so either at the Commission's website, www.ncuc.net, by selecting the Dockets tab and entering Docket No. E-100 Sub 137, or at the Office of the Chief Clerk of the Commission, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina. Upon request, the Chief Clerk will place copies of the IRPs, compliance plans and all other documents filed in this proceeding at centrally-located public libraries where they may be copied without prohibition. Such a request may be made by writing to the Chief Clerk, North Carolina Utilities Commission, 4325 Mail Service Center, Raleigh, North Carolina 27699-4325, and providing the name and address of the library to which the information is to be mailed.

Persons desiring to present testimony for the record should appear at the public hearing. Persons desiring to send written statements to inform the Commission of their positions in the matter shall address their statements to:

Chief Clerk
North Carolina Utilities Commission
4325 Mail Service Center
Raleigh, NC 27699-4325

The Public Staff-North Carolina Utilities Commission through its Executive Director, is required by statute to represent the using and consuming public in proceedings before the Commission. Written statements to the Public Staff should be addressed to:

Christopher J. Ayers,
Executive Director
Public Staff- North Carolina Utilities Commission

In the Matter of
2013 Integrated Resource Plan Annual
Update Reports and Related 2013
REPS Compliance Plans

NOTICE OF PUBLIC HEARING ON
2013 RPP ANNUAL UPDATE REPORTS
AND 2013 REPS COMPLIANCE PLANS

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission (Commission) has scheduled a public hearing in conjunction with the Commission's review and evaluation of integrated resource planning (IRP) in North Carolina. The purpose of the hearing is to ensure that each regulated electric utility operating in North Carolina is developing reliable and efficient plans for electricity in its service area and is developing a combination of reliable resource options for meeting the anticipated demands in a cost-effective manner. IRP is intended to identify those electric resource options which can be obtained at least cost to ratepayers in North Carolina consistent with adequate, reliable electric service. IRP considers conservation, efficiency, load management and other demand-side program alternatives in the selection of resource options. Commission Rule R6-60 requires that each of the electric utilities furnish the Commission with a biennial report in even-numbered years that contains the specific information set out in that Commission Rule. In odd-numbered years, each of the electric utilities must file an annual report updating its most recently filed biennial report. In addition, electric power suppliers are required to include their plans for meeting customer electric needs via renewable energy resources and energy efficiency programs by submitting a Renewable Energy and Energy Efficiency Portfolio Standard compliance plan (REPS compliance plan) as part of the IRP filing.

During the public hearing to be held in this docket, the Commission will receive testimony from nonexpert public witnesses with respect to the most current annual update IRP reports and REPS compliance plans filed in 2013 by Duke Energy Progress, Inc., Duke Energy Carolinas, LLC, and Virginia Electric and Power Company, d/b/a Dominion North Carolina Power.

A right hearing for the convenience of public witnesses and solely for the purpose of taking nonexpert public witness testimony is hereby scheduled as follows:

Public: 7:30 p.m., on Monday, March 3, 2014, in Commission Hearing Room 2115, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina.

Anyone wishing to review the IRPs and REPS compliance plans filed by the utilities may do so either at the Commission's website, www.ncuc.state.nc.us, by selecting the Dockets tab and entering Docket No. E-100 Sub 137, or at the Office of the Chief Clerk of the Commission, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina. Upon request, the Chief Clerk will provide copies of the IRPs, compliance plans and any other documents filed in this proceeding in centrally-located public libraries where they may be copied without prohibition. Such a request may be made by writing to the Chief Clerk, North Carolina Utilities Commission, 4325 Mail Service Center, Raleigh, North Carolina 27699-4325, and providing the name and address of the library to which the information is to be made.

Persons desiring to present testimony for the record should appear at the public hearing. Persons desiring to send written statements to inform the Commission of their positions in the matter shall address their statements to:

Chief Clerk
