Based on the current salaries that Duke Energy pays its top executives they do not NEED to have any amount of an increase. The chairman, President, and Chief Executive Officer was paid \$13,794,367, Executive Vice President and Chief Operating Officer was paid 3,789,327, two additional Executives were paid 2,971,419 and \$2,952,793 respectively. Also the final top Executive wS paid \$2,689,676. For a grand total of \$26,197,582 which is entirely too much money for executives. It's time for Duke Energy to make-the people at that top be responsible for their decisions and actions and not the the consumers. I say NO to any kind of rate hike!
