OFFICIAL COPY

On September 6, 2019, I filed a memo submitting two (2) exhibits that were received in evidence at the public hearing held in Charlotte, NC, on September 5th in the above-mentioned docket.

It has been brought to my attention that the docket number on the September 6th memo is incorrect; therefore, the information was filed in the wrong docket.

Please accept my apologies for the confusion.

Thank you.

Comments: At the public hearing held in Charlotte, NC, on September 5, 2019, Ms. Cress, counsel for Carolina Water Service, requested two exhibits be submitted to the Clerk's office so the Company will have an opportunity to check out the exhibits in an effort to complete research prior to filing the Company's report following public hearing. The exhibits are Fields Exhibit 1 (drinking glass with sediment buildup) and Sylvester Exhibit 1 (Clermont County water bill), which are identified and admitted into the record. Ms. Cress' request was agreed to by Commissioner Brown-Bland, Presiding Commissioner, at the hearing and is a part of the official record.

This memo will serve as notice that the exhibits have been submitted to the Clerk's office.

Please distribute this memo to Ms. Cress and Mr. Little.

Thank you.
