# 2020 Project Glam Girls gearing up for sixth annual event

The 6th Annual Project Glam Girls will be open again this year thanks to the support of our community.

Project Glam Girls (and guys) provides free prom dresses, shoes, accessories, lexacos, suits, ties and more to girls (and guys) in the community. Much more than a donation bin, Project Glam Girls gives young women and men the opportunity to really experience the joy of "shopping" for the perfect prom attire as they choose from an array of donated gowns, suits, tuxedos and accessories while assisted by the project's friendly, supportive volunteers.

The 2020 Project Glam Girls boutique will be located at Manito Palh Church, 1037 Burnside Rd. in Manito on Thursday, March 5 from 9 a.m. to 3 p.m. and Saturday, March 7 from 9 a.m. to 4 p.m. This event is open to all young ladies and gentlemen across the area and is free of charge.

Currently Project Glam Girls is seeking donations of age appropriate prom dresses, dress shoes, jewelry, hair clips, suits, tuxedos, ties, clothes racks and full-length mirrors to help fill the racks with new inventory for 2020. Project Glam Girls is fully supported on payroll donations.

Drop off locations are throughout the Outer Banks and include: Banco Library, 424 Carolina Hwy, Hatteras; Duck's Cottage, 1240 Duck Rd, Duck; Atlantic Realty-Kitty Hawk, 4225 N Croatan Hwy, Kitty Hawk; ORX Curiales & More, Kill Devil Hills; Call for drop off times 252-715-4779.

Downtown Books, 105 St. Walter Raleigh St, Manteo; Manito Palh Church, 1037 Burnside Rd, Manteo; Pat's Haven United Methodist, 24240 Seabreeze Dr, Raleigh; St. John United Methodist Church, 4036 McMillen Rd, Avon.

Project Glam Girls volunteer Barbara Goodrich, founder Quinn Capps and volunteer Jenny Dimmick. "These two ladies have been with me from the beginning!" said Capps. "Jenna is a graphic designer and designed our logo and works with the boutique every year. Barbara found our first location, her church, Kitty Hawk United Methodist Church. She has continued to be an important piece of the puzzle from the beginning."

Possession Center, 45830 NO-10, Duxton; Project Glam is also seeking financial donations to purchase plus size dresses, dress racks and food during boutique hours. Anyone interested in making a financial donation should contact founder Quinn Capps at [projectglamgirls@gmail.com](mailto:projectglamgirls@gmail.com).

"Project Glam Girls helped over 120 students last year to find the perfect attire for their prom and even some high school seniors. I continue to be humbled and overwhelmed by the generosity

of this community and how they support Project Glam Girls. I feel this is a very important time for our young people and everyone should have the opportunity to experience it," said Capps. "The boutique is run by an amazing group of volunteers and enables young women and men to have 'personal shoppers' to help make their experience even nicer."

There are no special requirements for students to come and shop. For additional information, contact Capps at [projectglamgirls@gmail.com](mailto:projectglamgirls@gmail.com).

STATE OF NORTH CAROLINA  
UTILITIES COMMISSION  
JANUARY

DOCKET NO. 19-100, SUB 147

NOTICE OF THE NORTH CAROLINA UTILITIES COMMISSION

In the Matter of  
2019 Integrated Resource Plan Update  
Revised and Issued 2019 IIRP  
Compliance Plans

NOTICE OF PUBLIC HEARING ON  
2019 IIRP UPDATE REPORTS AND  
RELATED 2019 IIRP COMPLIANCE  
PLANS

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission (Commission) has scheduled a public hearing in conjunction with the Commission's review and evaluation of integrated resource planning (IRP) in North Carolina. The purpose of the review and evaluation is to ensure that each regulated electric utility operating in North Carolina is developing reliable projections of the long-term demand for electricity in its service area and is developing a combination of reliable resource options for meeting the anticipated demand in a cost-effective manner. IRP is a tool used to identify those electric resource options which are believed to be the least cost to satisfy long-term North Carolina compliance with adequate, reliable electric service. IRP considers conservation, efficiency, and management and other demand-side program alternatives in the selection of resource options. Commission Rule 80-41 requires that each of the electric utilities furnish the Commission with a biennial report in even-numbered years that contains the results of its IRP and its final Commission filing. In odd-numbered years, each of the electric utilities must file an update report updating its most recently filed biennial report. In addition, regulated electric utilities are required to include their plans for meeting customer electric needs via renewable energy resources and energy efficiency programs by submitting a Renewable Energy and Energy Efficiency Portfolio Standard compliance plan (REES compliance plan) as part of the IRP filing.

During the public hearing to be held on this docket, the Commission will receive testimony from interested parties with respect to the 2019 current IRP update reports and 2019 compliance plans filed in 2019 by Duke Energy Progress, LLC; Duke Energy Charlotte, LLC; and Virginia Electric and Power Company. Public testimony will be received in accordance with Commission Rule 80-41(f).

A public hearing for the convenience of public witnesses and solely for the purpose of taking testimony; public witness testimony is hereby scheduled as follows:

10:00 a.m. to 12:00 p.m., Monday, March 9, 2020, in Commission Meeting Room 115, Duke Building, 100 North Salisbury Street, Raleigh, North Carolina.

Anyone wishing to review the 2019 IRP update reports and 2019 compliance plans filed by the utilities may do so either at the Commission's website, [www.ncuc.state.nc.us](http://www.ncuc.state.nc.us), by visiting the Docket tab and entering Docket No. 19-100 Sub 147, or at the Office of the Chief Clerk of the Commission, Duke Building, 100 North Salisbury Street, Raleigh, North Carolina. Upon request, the Chief Clerk will place copies of the IRP, compliance plans and any other documents filed in this proceeding in a publicly-accessible public library where they may be copied without prohibition. Such a request may be made by writing to the Chief Clerk, North Carolina Utilities Commission, 4323 Alston Service Center, Raleigh, North Carolina 27697-4308, and providing the name and address of the library to which the information is to be mailed.

Persons desiring to present testimony for the record should appear at the public hearing. Persons desiring to send written statements to inform the Commission of their position in the matter shall address those statements to:

Chief Clerk  
North Carolina Utilities Commission  
4323 Alston Service Center  
Raleigh, NC 27697-4308

The Public Staff with the North Carolina Utilities Commission, through its Regulatory Director, is required by statute to represent the public and conducting public proceedings before the Commission. Written statements to the Public Staff should be addressed to:

Christopher J. Ayers, Executive Director  
Public Staff - North Carolina Utilities Commission  
4323 Alston Service Center  
Raleigh, NC 27697-4308

The Attorney General is also authorized by statute to represent the public and conducting public proceedings before the Commission. Statements to the Attorney General should be addressed to:

The Honorable Lash Stone  
Attorney General of North Carolina  
c/o Consumer Protection Unit  
900 Alston Service Center  
Raleigh, NC 27697-4901

ISSUED BY ORDER OF THE COMMISSION.

This 30th day of January, 2020.

where she earned a degree in physical nursing. She eventually became a physical therapist at the University of North Carolina at Chapel Hill.

According to a column written in 1974, information at Chowan County schools began to change in 1954, when then Superintendent Thomas Mayo began the process of integrating the school faculty.

"The freedom of choice plan was not an integration plan, but a plan to give all students the same quality and quantity of education," he said.

At the time, the school system was in a transition from a one-room schoolhouse to a modern school system.

Quinn said she was an Edenton native.

Quinn was born in Edenton, North Carolina, and moved to Edenton (now more known as) when she was in the third grade.

According to the records found, she graduated from John A. Holmes in 1971. In that context, she was in the 1971.

## INTEGRATION TIMELINE

■ 1954 - United States Supreme Court ruled in Brown v. Board of Education that school segregation was unconstitutional and illegal.

■ September 1964 - Gail Johnson becomes the first African American student at E.A. Swain, sitting in the first grade. Several other students are enrolled in the same grade at this time.

■ August 1968 - U.S. Federal Court Judge John R. Lewis Jr. orders the "piling" of elementary grades in Edenton Schools. The Board of Education agreed to the order, which was to take place by the 1969-1970 school year, which was to start a month later. The district

concluded the "Freedom of Choice" student assignment plan for elementary-aged children.

■ 1968-1969 - Integration takes place at the elementary school level in Chowan County.

■ 1969-1970 - Integration takes place at the high school level in Chowan County.

of curbside recycling collection will be more sustainable option is identified.

Town staff is researching options, but as far as finding funding.

Lead for NC Recycle Now Scott reached out to the Triangle County officials for advice because the county is a state-wide leader in recycling efforts.

"Unfortunately, Edgewood is in the same predicament as the town is and most other towns in the state across the country," she said.

"The recycling business here in the United States has been severely impacted by China's decision to stop taking America's recyclables."

Chowan County contracted with TPG Recycling to haul and process Edenton's curbside and container recyclables, however, the TPG Recycling contract with the Edenton Solid Waste Authority

to collect recyclables at the county's commission centers is still in effect.

Town Manager Anne-Maria Kingston said town residents who want to continue recycling can carry their recyclables to the County convenience centers.

"The county is working with us to find sustainable solutions, however until then, from residents can participate in the county program," she said.

Town Council will review recycling issues at the meeting Feb. 24, meeting.

"Now more than ever reducing the waste stream is critical - reducing noise - air - water - recycling, we will need to educate the public about reducing waste to avoid landfill materials as the markets for traditional recycling has gone away," Kingston said.

The Town is reaching out to NC Department of Environmental Quality officials for assistance in obtaining waiver from State Law that requires municipalities to establish and implement recycling programs.

RELATED 2019 INFRASTRUCTURE  
PLANS  
NOTICE IS HEREBY GIVEN that the North Carolina Utility Commission (Commission) has scheduled a public hearing in conjunction with the Commission's review of integrated resource planning (IRP) in North Carolina. The purpose of the review and planning is to ensure that each regulated utility operating in North Carolina is developing reliable projections of the long-range demands for electricity in its service area and is developing a combination of reliable resource options for meeting the anticipated demands in a cost-effective manner. IRP is intended to identify those electric resource options which can be obtained at least and at no expense in North Carolina consistent with applicable electric service, IRP considers electric, gas, and other demand-side programs alternative to the selection of resource options. Commission Rule 170-171 requires that each of the electric utilities furnish the Commission with a biennial report in even-numbered years that contains the specific information set out in that Commission Rule. In odd-numbered years, each of the electric utilities must file an update report. The most recently filed biennial report, in addition, regulated electric utilities are required to include their plans for meeting customer electricity needs in a cost-effective manner and energy efficiency programs by submitting a Renewable Energy and Energy Efficiency (REE) standard compliance plan as part of the IRP filing.  
During the public hearing to be held in this docket, the Commission will receive testimony from interested public witnesses with respect to the most current IRP update report filed by Duke Energy Progress, LLC, Duke Energy Carolinas, LLC, and Virginia Electric and Power Company, and Dominion Energy North Carolina. Public witness testimony will be received in accordance with Commission Rule 170-171.  
A right to be heard for the convenience of public witnesses and solely for the purpose of taking contemporaneous public witness testimony to hereby scheduled as follows:  
Relief: 7:00 p.m., on Monday, March 3, 2020, in Commission Hearing Room 2115, Dobbs Building, 410 North Salisbury Street, Raleigh, North Carolina.  
Anyone wishing to review the 2019 IRP update reports and REE compliance plans filed by the utilities may do so either at the Commission's website, www.ncuc.gov, by selecting the Docket tab and entering 170, 171, or at the Office of the Chief Clerk of the Commission, 410 North Salisbury Street, Raleigh, North Carolina. Upon receipt, the Chief Clerk will place copies of the IRP, compliance plans and any other documents filed in this proceeding in centrally-located public viewing areas where they may be copied without restriction. Such a request may be made by writing to the Chief Clerk, North Carolina Utility Commission, 410 North Salisbury Street, Raleigh, North Carolina 27609-4306, and providing the name and address of the library to which the information is to be mailed.  
Persons desiring to present testimony for the record should appear at the public hearing. Persons desiring to send written statements to inform the Commission of their positions in the matter shall address their statements to:  
Chief Clerk  
North Carolina Utility Commission  
410 North Salisbury Street

## OBITUARIES

## Reuben "Perry" Turner

RENN. — Rev. Reuben "Perry" Turner, 81, went home to be with The Lord on February 11, 2020. He was born May 22, 1938 in Farmville, NC and was the second child of Jasper Perry Turner and Audrey Bishop Turner. Graduated from Plymouth High School where he enjoyed playing in the band and attended East Carolina University.

Perry was very talented and enjoyed sharing that talent with others. In addition to painting several portraits, scenes and houses, he also loved reading and driving his Model A's and 1969 Ford Pickup. His favorite past time was spending precious time with his family and friends and most importantly, sharing God's Word.

He loved to sing, play his guitar, write songs and poems. Perry was in radio broadcasting for 17 years. Promotions Director of Target Records spent some time in Nashville, TN, and recorded several records. He had the privilege of directing, producing and acting for many years with Raleigh Theater, Guilford Playhouse, New Bern Civic Theater, Repertory Players and Twin Rivers Theater. He eventually moved to the National Guard and served as Civil Guard Master of Civil Guard Troop 231.

He owned and operated his own Masonry business for 20 years, which gave him and his family the opportunity to be a part of The Lost Colony for ten years. He played five major roles, Simon Peter, Old Tom, Governor White, Hester and Sir Walter Raleigh. The favorite of course, was Old Tom. Perry also played a major role in "Worthy is the Lord" his wife and 2 grandchildren, Bryan and Julie Branton were also in the production.

Active in Church all his life, Perry has served as Chairman of the Board, Sunday School Teacher, Youth Sunday Choir Member and Director, Deacon and Elder. In later years, he became an ordained Minister, attending Barton College and receiving his Bachelor of Christian Science from Christian Bible College and Seminary. Perry had the honor of serving Northview Baptist Church (DOG at the time), Goldsboro for 6 1/2 years, Vanceboro

Christian Church, Vanceboro for 10 years and First Christian Church, Elizabeth City for 6 1/2 years.

He is survived by his wife of 41 years, Ann Hill Smith Turner, daughter, Susan T. Branton, sons, Perry Gray Turner, Sr., Stephen J. Smith and Michael C. Smith (Teresa); grandchildren, Bryan H. Branton, Julia D. Broadway (Jamie), Perry G. Turner, Jr., Brandon J. Smith (Danielle), Christopher Smith, Tyler Smith (Kelley), Chelsea Smith and Danielle S. Hawkins (Chris); great-grandchildren, Brooke Branton, Ashli Hill, Chase Branton, London, Lucas, Logan & Layton Turner, Summer Broadway, Ryley Smith, and T. J. Berke; Sister, Jenni T. Bousley (Dale), nephew, Hal D. Bousley, Jr. (Sharon) great nephew, Hal D. Bousley, III and numerous cousins. Sadly, in addition to his parents, Perry was preceded in death by his siblings, Shellen J. Smith, and brother, Henry W. Turner.

Thank you to Dr. Ken Wilkins, Dr. Marcus Kato and the staff at New Bern Internal Medicine, CarolinaEast Medical Center, Grunkbrook Rehab & Nursing Center, Kindred at Home, and Community Home Care & Hospice and Volunteers. A special thank you to our church families and friends for your loving support and prayers as we traveled through this difficult journey. A very special thank you to Judy and Bobby Brock, Sam and Sonny Blackburn, Dicky and Betty Crawford, Rev. Mike and Jennifer Ledbetter, Rev. Danny and Cathy French, Rev. Charlie and Janet Ormeau, Perry and Wanda Gossard, Jay Tyson, Doug Brown and Paul Jenkins for your 24/7 assistance, love, prayers and support. Thank you to each of you for the visits, food, cards and calls. Our journey would have been much more difficult without each one of you and the love and support you provided to our family. Most importantly, thank you for the prayers.

Prayers are welcome or donations may be made to Kili Swamp Christian Church or the charity of your choice in his memory.

A Celebration of Life will be held at 1:00 p.m. at Hill Swamp Christian Church, 329 Aurora Road, Erma, on Saturday, February 22nd with Rev. Danny French and Rev. Charles Givens officiating. Visitation will follow the service and interment will take place in a private cemetery at the Hill Family Cemetery on a later date.

Arrangements by Cotton Funeral Home & Crematory. Online condolences may be made to the Turner family at [www.cottonfuneralhome.com](http://www.cottonfuneralhome.com)

## Lawrence Nell Winslow

RENN. — Lawrence Nell Winslow, 86, of 1084 County Lane Road, Belviders, NC, went peacefully to be with the Lord at 7:05 p.m. on Sunday, February 16, 2020, with his family by his side at St. Joseph's Memorial Hospital.

Lawrence was born in Perquimans County on February 20, 1934, and was the youngest and last surviving of eight children born to the late Herbert J. and Daisy King Winslow. He worked as an Inspector from Newport News Shipbuilding & Drydock Company where he worked for 38 and a half years. Always one to stay busy, he later worked with his wife at her shop, Queen Anne's Cakes and Crafts, with his son at Precision Millwork, Inc., and as an associate with both the former Hivestick Furniture and Construction Services, and Miller & Van Esden's Funeral Home. A longtime member of both of Baptist Church where he had served as a Deacon and Sunday School teacher, recently he had attended Mt. Sinai Baptist Church where he also taught Sunday School. An Army veteran, his field of duty was as a Military Policeman.

Surviving are his daughter, Jenny Powell (Leroy) of Cary, NC, Richard Winslow (Charlotte) of Summerville, SC, Jeffrey Winslow (Lorey) of Elizabeth City and Randy Winslow (Lorey) of Hillsborough; eight grandchildren, Lee Powell, Mark Powell, and David Powell, Julie Sulestien, Holly Winslow, Jessi Spence, Zach Winslow, and Randy Winslow, Jr. and 19 great-grandchildren, Grayson, Shelia, Billy, Nola, and Lawson Powell, Alyssa, Kaitlin, and Christopher Winslow, Hingleigh Seabree, Joseph, Ella, and Jackson Spence, and Chandler Winslow.

In addition to his parents, he was preceded in death by his wife of 54 years, Kathryn Ann Ward Winslow; sisters, Ruth, Thelma, Novella, Purdy, Bessie, and Ruth Self; and by brothers, Cyril, Earl, and Don Winslow.

Funeral services will be held Friday at 11:00 a.m. in the Miller & Van Esden's Funeral Chapel, 1125 Harvey Point Road, and will be conducted by the Rev. Howard Sutton. Burial with military honors will be in Cedarwood Cemetery. Friends may view with the family in the funeral home immediately following the chapel service, or at other times at the residence.

Memorial contributions may be made to either Mt. Sinai Baptist Church, 380 Swamp Road, or to Camp Cato, 377 Camp Cato Road, both in Hertford, NC 27044.

## Rachel Gray Hughes

ELIZABETH CITY — Rachel Gray Hughes, age 85, of 103 Jessup Street, Elizabeth City, NC passed away Thursday, February 13, 2020 at her home.

Born on May 25, 1934 in Perquimans County, NC to the late Nelson Holmes Gray and Edna Louise Old Gray, she was an only child and was primarily raised in South Mills, NC (Camden County). Her mother passed away when she was 12 years of age and she was raised by her grandmother and various aunts and uncles in many loving homes which left her with wonderful memories. In May of 1952 she married the late Aden John Hughes, Sr. in Camden County, NC and the marriage was later annulled in the Salt Lake Temple on June 22, 1962.

Rachel is known for her many acts of service and was extremely active in her faith. She was a member of the Church of Jesus Christ of Latter Day Saints and served in many positions. If there was ever anyone in need, she was there willing and offering to help and usually showed up with a tray full of homemade fudge. She loved serving with young women, the relief society, primary, and in the Girl Scout program for many years.

Her children have great memories of all of the young Gals in their home on Sundays as she would feed them all dinner as well as the many that were at their home for the Christmas holidays over the years. She had boundless energy and loved to serve and help others. She also served as a Nurse for many years at Albemarle Hospital. She was a great example to all and will be sorely missed.

Rachel is survived by her sons, Aden John Hughes Jr. (Kathleen Wilho) of Boston, MA, Ricky Wade Hughes of Elizabeth City, NC, and James Paul Hughes (Kathleen) of Pler, ID; daughters, Tammy Hughes Raymond (Chad) of Idaho Falls, ID; two sisters-in-law, Helen Hughes and Ruby Atkins; 26 grandchildren; and 33 great grandchildren. She is preceded in death by her husband, Aden Hughes, and Tanya Hughes Yoder and two great grandchildren, Mia Rose Treason and Lena Mae Gaudin.

A funeral service will be conducted Friday, February 21, 2020, 11:00 a.m. at The Church of Jesus Christ of Latter Day Saints, 606 West Zhinghaus St. in Elizabeth City, with Bishop Anthony Tromm officiating. Burial will follow in New Hollywood Cemetery. The family will receive friends Thursday evening from 7:00 p.m. until 8:30 p.m. at the church, and at other times at the residence. "Hertford Funeral Home, 465 East Church Street, Elizabeth City, NC is serving the Hughes family. Online memorial condolences may be sent to the family at [www.williehe.com](http://www.williehe.com).

| <p>NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission (Commission) has scheduled a public hearing in conjunction with the Commission's review and evaluation of integrated resource planning (IRP) in North Carolina. The purpose of this review and evaluation is to ensure that each regulated electric utility operating in North Carolina is developing reliable projections of the long-term demands for electricity to serve the state and is developing a combination of reliable resource options for meeting the anticipated demands in a cost-effective manner. IRP is intended to identify those electric resource options which can be obtained at least cost to integrate in North Carolina consistent with adequate, reliable electric service. IRP considers energy resources, efficiency, load management and other demand-side program alternatives in the selection of resource options. Commission Rule 18-47 requires that each of the electric utilities furnish the Commission with a three-year report every three years that contains the specific information set out in that Commission Rule. In addition, regulated electric utilities are required to include their plans for meeting customer electric needs via renewable energy resources and energy efficiency programs by submitting a Renewable Energy and Energy Efficiency (REEE) Compliance Plan (REEECP) to the Commission as part of its IRP filing.</p> <p>During the public hearing to be held in this docket, the Commission will receive testimony from interested parties with respect to the most recent IRP update reports and REECP compliance plans filed in 2019 by the Energy Progress, LLC, Duke Energy Carolinas, LLC, and Virginia Electric and Power Company. Written comments on the 2019 IRP update reports and REECP compliance plans will be received in accordance with Commission Rule R3-21(g).</p> <p>A night hearing for the convenience of public witnesses and solely for the purpose of taking nonexpert public witness testimony is hereby scheduled as follows:</p> <p>Rehearing: 7:00 p.m., on Monday, March 9, 2020, in Commission Hearing Room 2115, Duke Building, 100 North Salisbury Street, Raleigh, North Carolina.</p> <p>Anyone wishing to review the 2019 IRP update reports and REECP compliance plans filed by the utilities may do so either at the Commission's website, <a href="http://www.ncuc.com">www.ncuc.com</a>, by contacting the Docket tab and entering Docket No. R-101 Sub 157, or at the Office of the Chief Clerk of the Commission, Duke Building, 410 North Salisbury Street, Raleigh, North Carolina. Upon request, the Chief Clerk will place copies of the IRP update reports and any other documents filed in this proceeding in publicly-accessible public libraries where they may be located without payment. Such a request may be made by writing to the Chief Clerk, North Carolina Utilities Commission, 4325 Abel Service Center, Raleigh, North Carolina 27695-1001, and providing the name and address of the library to which the information is to be mailed.</p> <p>Persons wishing to present testimony for the record should appear at the public hearing. Persons wishing to avoid written testimony may do so even if the Commission of their position in the matter shall address their comments to:</p> <p>Chief Clerk<br/>North Carolina Utilities Commission<br/>4325 Abel Service Center<br/>Raleigh, NC 27695-1001</p> <p>The Public Staff of the North Carolina Utilities Commission, through its Regulatory Director, as required by statute to represent the utility and reviewing public in proceedings before the Commission. ## Police: Wife killed husband with bat

A North Carolina woman has been accused of beating her husband with a baseball bat, causing his death, police said Tuesday.

Harriet Melba Boykin, 57, was arrested Monday on a charge of assault with a deadly weapon, with intent to kill inflicting serious injury, news sources reported.

According to Garner police, officers were called to an address on Sunday and found Joey Keith Boykin, 55, seriously injured. Investigators said Harriet Boykin struck her husband multiple times in the head with a baseball bat.

Joey Boykin was taken to a local hospital, where he died.

The investigation into Joey Boykin's death continues, and police say the charges against Harriet Boykin could be upgraded in light of her husband's death.

## Troopers tackle suspect in roadway

North Carolina troopers pulled a motorist to the ground in the middle of a highway on Monday after he walked into running with hour traffic and threatened to pull out a gun, according to authorities and video from the scene.

State troopers were patrolling along Interstate 40 just outside Raleigh, when a man walking on the shoulder of the road threw a large bag into their path, the agency said. The trooper avoided the bag and stopped in question the man, WRAL-TV reported.

The suspect, identified as John Avery Rodriguez, 31, told troopers he was armed and then ran into the roadway. Troopers in both directions surrounded Rodriguez with weapons drawn and fired pepper spray at him before bringing him to the ground, video of the encounter showed.

## 700 member charged in drug death

Authorities say a member of the Eboni Band of Charlotte Indians has been charged with leading a drug ring that resulted in an overdose death.

A news release from the Charlotte-based U.S. Attorney's office said that Shannon White, 42, who lives on the Cherokee reservation, appeared in court Monday after being indicted by a grand jury. The news release said that the charge carries a maximum term of life imprisonment if convicted.

The indictment says that White distributed fentanyl, a synthetic opioid, in January of 2019 that resulted in the death of a victim identified only as J.P. A defense attorney for White didn't immediately respond to an email seeking comment.

## DOT mulls use for 9 circus rail cars

NC bought cars from Ringling Bros. in 2017 for \$383K

RALEIGH — Part of a train once owned by the Ringling Bros. and Barnum & Bailey Circus is sitting on an abandoned rail line in the Nash County woods.

The N.C. Department of Transportation bought the circus train about three years ago, and before that, the circus owned it. The train was used to transport the circus' elephants and other animals.

Markings on the train cars — deep into the woods and not usually visible from any road — indicate it's part of "The Greatest Show on Earth." There's no locomotive.

The cars, nine in all, sit on tracks about 4,000 feet from the town limits of Spring Hope, Ringling Bros. closed in 2017.

NC DOT spokeswoman Kellie Trout said as part of a Strategic Transpor-

tation initiative in 2017, NCDOT bought the nine rail cars for \$383,000. The cars rest on state-owned tracks due to limited space at the active rail facilities in Raleigh.

After buying the circus train, NCDOT applied for and was awarded a \$77 million federal grant to purchase new rail cars.

"At this time, NCDOT is evaluating the rail fleet and will make recommendations on the department's rail fleet future needs, including the disposition of this rail car purchased in 2017. The assessment should be completed by the end of this calendar year," Trout said.

Spring Hope Mayor Buddy Chavoy said the train has become the talk of the town, though he isn't sure why it's there. He first heard about the lone train last week.

"We haven't seen any elephants or giraffes running around ... monkeys swinging in the trees yet, but we've got our eyes open," he joked.

## Justices asked to hear session case

Plaintiffs appeal ruling on session curbing gov powers

The Associated Press

RALEIGH — Plaintiffs challenging the constitutionality of a legislative session curbing the power of the governor in the House on Tuesday asked the U.S. Supreme Court to hear their case.

Lawsuits for Common Cause and ten citizens filed an appeal with the U.S. Supreme Court on Tuesday, about a month after the Court of Appeals upheld the legality of the legislative session in December 2019. Republicans in charge of the House and Senate opposed a pair of measures during the session that weakened the governor's power as governor.

Those who sued said the freedom of GOP leaders calling the ses-

sion and passing through legislation violated their right in the North Carolina Constitution to "instruct their representatives."

NOTICE OF PUBLIC HEARING ON  
2019 RFP UPDATE REPORTS AND  
RELATED 2019 RFP COMPLIANCE  
PLANS

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission (Commission) has scheduled a public hearing in conjunction with the Commission's review and evaluation of integrated resource planning (IRP) in North Carolina. The purpose of this review and evaluation is to ensure that each regulated electric utility operating in North Carolina is developing reliable portfolios of the long-range demands for electricity in its service area and is developing a combination of reliable resource options for meeting the anticipated demands in a cost-effective manner. IRP is intended to identify those electric resource options which can be obtained at least cost to ratepayers in North Carolina consistent with adequate, reliable electric service. IRP considers environmental, efficiency, local siting and other demand-side program alternatives in the selection of resource options. Commission Rule 82.42 requires that each of the electric utilities (Utilities) file a compliance plan with a detailed report to even so-called "zero" that contains the specific information set out in that Commission Rule. In addition, regulated electric utilities are required to include their plans for meeting customer electric needs by the renewable energy resources and energy efficiency programs by submitting a Renewable Energy and Energy Efficiency Portfolio Standard compliance plan (RPPS compliance plan) as part of the IRP filing.

During the public hearing to be held in this docket, the Commission will receive testimony from nonexpert public witnesses with respect to the most current IRP update reports and RPPS compliance plans filed in 2019 for Duke Energy Progress, LLC, Duke Energy Carolinas, LLC and Virginia Electric and Power Company (Duke Dominion Energy North Carolina). Public witness testimony will be received in accordance with Commission Rule 81-21(a).

A public hearing for the convenience of public witnesses and solely for the purpose of taking nonexpert public witness testimony is hereby scheduled as follows:

Raleigh, 7:00 p.m., on Monday, March 9, 2020, in Commission Hearing Room 2115, Docket Building, 400 North Salisbury Street, Raleigh, North Carolina.

Anyone wishing to review the 2019 IRP update reports and RPPS compliance plans filed by the utilities may do so either at the Commission's website, www.ncuc.com, by contacting the Docket Lab and referring Docket No. 8-106 Sub 157, or at the Office of the Chief Clerk of the Commission, 1100A Building, 400 North Salisbury Street, Raleigh, North Carolina. Upon request, the Chief Clerk will plan copies of the IRP update reports and RPPS compliance plans for review by the public. Public review will be held in a public hearing room where they may be copied without restriction. Such request may be made by writing to the Chief Clerk, North Carolina Utilities Commission, 4335 Mail Service Center, Raleigh, North Carolina 27699-4300, and providing the name and address of the library in which the information is to be made.

Persons desiring to present testimony for the record should appear at the public hearing. Persons desiring to send written statements to the Commission should submit them to the Commission as follows:

Chief Clerk  
North Carolina Utilities Commission  
4335 Mail Service Center  
Raleigh, NC 27699-4300

The Public Staff of the North Carolina Utilities Commission, through its Executive Director, is required by statute to represent the using and consuming public in proceedings before the Commission. Written statements to the Public Staff should be addressed to:

Christopher J. Agers, Executive Director  
Public Staff - North Carolina Utilities Commission  
4335 Mail Service Center  
Raleigh, NC 27699-4300

The Attorney General is also authorized by statute to represent the using and consuming public in proceedings before the Commission. Statements to the Attorney General should be addressed to:

The Honorable Josh Stein  
Attorney General of North Carolina  
c/o Consumer Protection-Utilities

## Inspire the Mind: Open Studio at PAL

BY SHERYL CORR  
Perquimans Arts League

During the month of March, Perquimans Arts League will host artists in the gallery.

From 11:30 to 1:30 each day, various artists and craftsmen will come to the gallery to work on their projects. While those are not actual classes or demos, visitors will have the opportunity to see artists at work and ask questions. PAL has an awesome lineup of very creative people who want to share their talents. Everyone is welcome, and this activity is free. Who knows, perhaps you'll discover a new way to be creative!

The following is the schedule of artists:

- March 2 Frank McGiorio - Artwork on Paper
- March 3 Jennifer Poppen - Ceramics
- March 4 Tina Fielder - Acrylic Painting
- March 5 Nora Crouch - Book Page Mixed Media
- March 6 Tina Fielder - Watercolor Painting
- March 7 Prudence Jones - Native American Medicine Bags
- March 8 Richard Prouty - Jewelry
- March 9 Laura Drunzio - Alcohol Ink Painting
- March 11 Cheryl Huey - Knitting
- March 12 Jennifer Macchling - Linocut & Collage Printing
- March 13 Paula Fitzpatrick - Painting
- March 14 Prudence Jones - Leather Painting
- March 16 Rebecca Davis - Watercolor Painting
- March 17 Tina Fielder - Acrylic Painting
- March 18 Tina Sago - Watercolor Painting
- March 19 Nora Crouch & Tina Fielder - Book Page Mixed Media and Mixed Media
- March 20 Prudence Jones - Native American Tribal Baskets
- March 21 Wanda Pata - Soft Pastels
- March 22 Elizabeth Jones - Calligraphy
- March 24 Wendy Jewett - Watercolor Painting
- March 26 Tina Fielder - Blah Pottery
- March 26 Jackie Hobbs - Fiber Art
- March 27 Tina Fielder - Blah Pottery
- March 28 Prudence Jones - Painting on Bone
- March 30 Muriel Wynn - Watercolor Collage/Watercolor Painting

The March exhibit will be "Garden Party," so if you used a little bit of spring, be sure to stop by. Our featured artist is Tina Fielder, and you won't want to miss seeing this collection of her work. The gallery is open Monday through Friday from 11 to 3, and there will be an artist reception on Thursday, March 12 from 6:30 to 7 p.m. For more information, call the gallery at 252-426-0041 or visit our website at [www.perquimansarts.org](http://www.perquimansarts.org).

General Meeting is at 7 p.m. the first Monday of each month, usually at the club building, a couple of times a year they meet at Woodland United Methodist Church, 1001 N. Main St., Forestburg.

Children's members, which include 2 school members, are also encouraged to bring their children to the monthly meetings.

## Beyond the Books: Leap Year

BY MICHELLE LAWRENCE  
Perquimans Librarian

The earth revolves around the sun in 365.2422 days, or which is nearly six hours longer than our year. To keep us in sync with the solar year, an extra day is added to the calendar every four years during leap year.

Julius Caesar began this practice in 48 BC when the Julian calendar was created. In 1582, Pope Gregory XIII established February 29 as leap day and, in fact, created the term "leap year." Another fun fact: frogs are the musculos of this special year.

On Leap Day this year, Perquimans County Library will once again welcome you! Join us to discuss how positive thinking creates positive communities. At a fun always delivers great, uplifting information.

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission (Commission) has scheduled a public hearing in conjunction with the Commission's review and evaluation of integrated resource planning (IRP) in North Carolina. The purpose of the review and evaluation is to ensure that each regulated electric utility operating in North Carolina is developing a reliable projection of the long-range demand for electricity in its service area and is developing a combination of reliable resource options for meeting the anticipated demand in a cost-effective manner. IRP is intended to identify those electric resource options which can be obtained at least cost to consumers in North Carolina consistent with adequate, reliable electric service. IRP considers conservation, efficiency, load management and other demand-side programs alternative to the selection of resource options. Commission Rule 150-00 requires that each of the electric utilities furnish the Commission with a demand response program that contains the specific information set out in that Commission Rule. In addition, regulated electric utilities are required to include their plans for meeting customer demand side needs in their annual compliance plans (RPS compliance plans) as part of the IRP filing.

During the public hearing to be held in this docket, the Commission will receive testimony from interested parties, witnesses with respect to the most current IRP update reports and RPS compliance plans filed in 2019 by Duke Energy Progress, LLC (Duke Energy Progress), and Virginia Electric and Power Company (Norfolk Southern Energy North Carolina). Public testimony will be received in accordance with Commission Rule 150-00.

A night hearing for the convenience of public witnesses and solely for the purpose of taking sworn public testimony is hereby scheduled as follows:

Raleigh, 700 post, on Monday, March 9, 2020, in Commission Hearing Room 2015, Double Building, 430 North Salisbury Street, Raleigh, North Carolina.

Any person wishing to review the 2019 IRP update reports and RPS compliance plans filed by the utilities may do so either at the Commission's website, [www.ncuc.gov](http://www.ncuc.gov), by visiting the Docket Lab and entering Docket No. E-100 Sub 157, or at the Office of the Chief Clerk of the Commission, Double Building, 430 North Salisbury Street, Raleigh, North Carolina. Upon request, the Chief Clerk will place copies of the IRP, compliance plans and any other documents filed in this proceeding in centrally-located public libraries where they may be copied without restriction. Such a request may be made by writing to the Chief Clerk, North Carolina Utilities Commission, 4325 Mail Service Center, Raleigh, North Carolina 27699-4300, and providing the name and address of the library to which the information is to be mailed.

Persons desiring to present testimony for the record should appear at the public hearing. Persons desiring to submit written statements to inform the Commission of their positions in the matter shall submit their statements to:

defending him one-on-one and Magic draining three after three. We thought it was the last time we would see him play basketball.

There was the time in 1996 when Shaq got back at David Robinson for stealing his scoring title two years earlier by dominating the game and at one point, dunking through The Admiral.

I remember Kobe taking the torch from Jordan in 2003. MJ scored what we all thought was the game winner for the East with less than five seconds left in overtime before Kobe took it to the other end and got fouled on a three-point attempt. Thanks to the Black Mamba, His Airness was denied the victory in his final All-Star game.

swatted away a shot in the closing seconds to leave the Knights with a 26-19 advantage at the break.

Another 11-4 run by the Vikings enabled them to tie the score at 30-all with 4:04 left in the third quarter.

But Riverside scored nine of the quarter's last 12 points (Williams, Pinner and a triple by Bryant) to take a 39-33 lead into the final eight minutes.

Pinner led Riverside with 21 points while Bryant added 15 and Williams provided 10.

### GIRLS GAME

Riverside 59, Tarboro 43

A steal and basket by Kenry Jones gave Riverside the lead for good in the second quarter, and the Lady Knights went on to sweep Tarboro

in the regular season to finish second in the Coastal Plains 1A Conference.

Except for one tie at 3-all following a three-pointer by Jones - Tarboro led much of the first quarter.

Seven of the 11 points in the second quarter were scored by Riverside, including the go-ahead bucket from Jones at 7:45 to put the Knights ahead 10-9.

Johnny Goddard added a basket, and later a three-point shot by Zion Jenkins - Jones swished a three-pointer and the visitors took a 15-13 lead into halftime.

Seven straight points to begin the third quarter gave Riverside some breathing room. Jones started the run with a triple - the first of her pair from behind the arc within a 59-second span. Jermaria Brown converted a jumper from the corner, God-

dard and Jones added baskets, and solid defense was provided by Tanisha Myrick and Honesty Rogers. Jones drove a charging foul as the Knights led 28-20 entering the final quarter.

The tennies combined for 45 points in the fourth quarter, but Tarboro couldn't get any closer than seven points.

Brown's rebound and basket extended the Knights' lead to 10 (33-23) with 4:39 left. Rodgers then came up with a steal and passed to Goddard for a bucket for a 35-23 advantage

with 4:13 left.

Clutch offense from Goddard, Myrick, Rodgers and Brown in the final 3:25 sealed the victory.

Goddard led Riverside with 28 points while Jones added 15.

### JV GAME

Riverside 67, Tarboro 60

Riverside's junior varsity boys basketball team completed an unbeaten regular season by edging Tarboro in the first game Friday.

Shemar Basnight had six points while Terrell Jones and Tyler John-

son added four each as the Knights (19-0) doubled up the Vikings 16-8 after the first quarter.

Basnight and Johnson sparked Riverside in the second half. Basnight had seven points in the third quarter and four in the fourth, while Johnson collected six points in the third and 10 in the fourth to help seal the victory.

The Knights also got three points from Quan Bunch and a free throw from Zireek Brown in the closing minutes.

Basnight paced Riverside with 22 points while Johnson added 20.

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission (Commission) has scheduled a public hearing in conjunction with the Commission's review and evaluation of integrated resource planning (IRP) in North Carolina. The purpose of the review and evaluation is to ensure that each regulated electric utility operating in North Carolina is developing reliable projections of the long-range demand for electricity in its service area and is developing a combination of reliable resource options for meeting the anticipated demands in a cost-effective manner. IRP is designed to identify those electric resource options which can be substituted at least cost to consumers in North Carolina consistent with adequate, reliable electric service. IRP considers conservation, efficiency, load management and other demand-side programs, alternative fuel sources, and renewable resources. Commission Rule 19A-01 requires that each of the electric utilities file with the Commission a written report in compliance with that rule which contains the specific information set out in that Commission Rule. In said numbered year, each of the electric utilities must file its update report updating its most recently filed historical report. In addition, regulated electric utilities are required to include data plans for use of customer electric service via renewable energy resources and energy efficiency programs by submitting a Renewable Energy and Energy Efficiency Portfolio Standard compliance plan (RPPS compliance plan) as part of the IRP filing.

During the public hearing to be held in this docket, the Commission will receive testimony from nonparty public witnesses with respect to the most current IRP update reports and RPPS compliance plans filed in 2019 by Duke Energy Carolinas, LSC, Duke Energy Cinncinnati, LLC and Virginia Electric and Power Company, and Dominion Energy North Carolina. Public witness testimony will be received in accordance with Commission Rule 19-21(g).

A public hearing for the convenience of public witnesses and solely for the purpose of taking nonparty public witness testimony is hereby scheduled as follows:

Thursday 7:30 p.m., on Monday, March 9, 2020, in Commission Hearing Room 2116, Delta Building, 410 North Salisbury Street, Raleigh, North Carolina.

Anyone wishing to review the 2019 IRP update reports and RPPS compliance plans filed by the utilities may do so either at the Commission's website, [www.ncuc.gov](http://www.ncuc.gov), by selecting the Docket tab and entering Docket No. 1-196 Sub 197, or at the Office of the Chief Clerk of the Commission, Delta Building, 410 North Salisbury Street, Raleigh, North Carolina. Upon request, the Chief Clerk will place on the IRP update reports, plans and any other documents filed in this proceeding in centrally located public libraries where they may be copied without penalty. Such a request may be made by writing to the Chief Clerk, North Carolina Utilities Commission, 4125 Mail Service Center, Raleigh, North Carolina 27699-4302, and providing the name and address of the library to which the information is to be mailed.

STATE OF NORTH CAROLINA  
 UTILITIES COMMISSION  
 RA-51011

DOCKET NO. B-105, AUG 157

REPORT TO THE NORTH CAROLINA UTILITIES COMMISSION

In the Matter of:  
 2019 Integrated Resource Plan Update  
 Repeal and Redraft 2019 IRP's  
 Compliance Plans

NOTICE OF PUBLIC HEARING ON  
 2019 IRP UPDATE REPORTS AND  
 2019 ACP'S 2019 IRP'S COMPLIANCE PLANS

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission (Commission) has scheduled a public hearing in conjunction with the Commission's review and evaluation of integrated resource planning (IRP) in North Carolina. The purpose of the review and evaluation is to ensure that each regulated electric utility appearing in North Carolina is developing reliable projections of the long-range demands for electricity in its service area and is developing a combination of reliable resource options for meeting the anticipated demands in a cost-effective manner. IRP is intended to identify those electric resource options which can be obtained at least cost and in conjunction with North Carolina's existing and planned electric service. IRP considers conservation, efficiency, load management and other demand-side program alternatives in the selection of resource options. Commission Rule 70-44 requires that each of the electric utilities furnish the Commission with a biennial report in even-numbered years that contain the specific information set out in that Commission Rule. In odd-numbered years, each of the electric utilities must file an update report updating its most recently filed biennial report. In addition, regulated electric utilities are required to include how plans for meeting customer electric needs via renewable energy resources and energy efficiency programs by submitting a Renewable Energy and Energy Efficiency Portfolio Standard compliance plan (REPS compliance plan) as part of the IRP filing.

During the public hearing to be held in this docket, the Commission will receive testimony from interested public witnesses with respect to the current 2019 update reports and REPS compliance plans filed in 2019 by Duke Energy Progress, LLC; Duke Energy Catawba, LLC; and Virginia Electric and Power Company, d/b/a Dominion Energy North Carolina. Public witness testimony will be received in accordance with Commission Rule 71-21 (2).

A right of hearing for the commissioners of public witnesses and solely for the purpose of taking concurrent public witness testimony is hereby scheduled as follows:

Wednesday, March 9, 2020, at Commission Hearing Room 2115, Flakka Building, 430 North Salisbury Street, Raleigh, North Carolina.

Anyone wishing to review the 2019 IRP update reports and REPS compliance plans filed by the utilities may do so either at the Commission's website, [www.ncuc.gov](http://www.ncuc.gov), by selecting the Docket tab and entering Docket No. B-105, or at the Office of the Chief Clerk at the Commission, 11016 Building, 430 North Salisbury Street, Raleigh, North Carolina. Upon request, the Chief Clerk will place copies of the IRP's, compliance plans and any other documents filed in this proceeding in centrally-located public libraries where they may be spent without prohibition. Such a request may be made by writing to the Chief Clerk, North Carolina Utilities Commission, 4325 State Service Center, Raleigh, North Carolina 27699-4500, and providing the name and address of the library to which the information is to be mailed.

Persons desiring to present testimony for the record should appear at the public hearing. Persons desiring to send written statements in lieu of the Commission of their position in the matter shall address their statements to:

Chief Clerk  
 North Carolina Utilities Commission  
 4325 State Service Center  
 Raleigh, NC 27699-4500

The Public Staff-North Carolina Utilities Commission, through its Executive Director, is required by statute to represent the utility and consumer public in proceedings before the Commission. Written statements to the Public Staff should be addressed to:

Christopher J. Ayers, Executive Director  
 Public Staff-North Carolina Utilities Commission  
 4325 State Service Center  
 Raleigh, NC 27699-4500

The Attorney General is also authorized by statute to represent the utility and consumer public in proceedings before the Commission. Statements to the Attorney General should be addressed to:

The Honorable Jack Stein  
 Attorney General of North Carolina  
 c/o Consumer Protection-Utilities  
 4003 State Service Center  
 Raleigh, NC 27699-4500

ISSUED BY ORDER OF THE COMMISSION.

This is the 25th day of January, 2022.

# Partners celebrate Black History Month and more

As I trust you are aware, February is celebrated as Black History Month. It is a time when there is greater focus on African American culture and history.

With that being the case, we have recently had several opportunities to share more about our work as it pertains to black history.

Over the past couple of weeks we have been approached by local television and newspaper reporters to do interviews about our Hamilton Rosemound School project and our developing Roanoke River Underground Railroad Trail—both of these initiatives deal with important aspects of our regional history.

We find that over the month of February you will have the chance to learn more about our work as a result of these interviews.

Roanoke River Partners (RRP)

are grateful for the chance to share more about both of these stories during the month of February.

However, we want you to know that we have been working on these initiatives for several years and this work goes on all year long—not just in February.

With that said, this seems like a good time to share our mission and how these projects fit into it.

Roanoke River Partners was founded in 1997 with a mission "to preserve, enhance and promote the natural, cultural and historic identity and integrity of the Roanoke River region through cultural and eco-tourism and other environmentally sustainable activities that encourage economic development and social justice."

From previous columns I have

## ROANOKE BUZZ

by Carol Jones  
Executive Director  
Roanoke River Partners

written, you may have some idea that our Roanoke River Public Trail and associated camping platforms were built to yield economic value for our river communities.

You may not be as aware that from our inception, social justice was also an integral part of our mission.

Our efforts to renovate and re-open the Hamilton Rosemound School as a river center, along with the more recent development of our Roanoke River Underground Railroad Trail, are

two social justice strategies we have adopted to elevate our under-served region.

Both the Underground Railroad history that took place here on the Roanoke River and the educational experiences shaped by Rosemound Schools in our region have greatly impacted our development.

This is our history—a shared history which shaped our past and which informs our future.

Thanks to a grant from the Gloucester County Foundation, RRP, along with a host of community partners, has been conducting events to increase awareness about our developing Roanoke River Underground Railroad Trail.

We have conducted a series of five events so far—with two

more planned for February. The first of these events was held at in cooperation with Hope Plantation in Windsor on February 1. A second event was held at the Vernon James Center in Plymouth on February 15. Both of these events were open to the public.

We invite you to connect with us during the month of February—and all through the coming year—to learn more about this rich regional history and how embracing it can provide a renewed sense of local pride and a path to greater prosperity for our rural communities.

On second thought, let's make that a trail that connects both our natural and our cultural assets and attracts a growing number of visitors and revenues to experience both here along the Roanoke!

## Wildlife Commission seeks nominees for annual Small Game awards

The N.C. Wildlife Resources Commission is seeking nominations for its Lawrence G. Diederick Small Game Award, which recognizes an individual or organization whose actions have significantly and positively impacted North Carolina's small game populations through habitat management, education, research, the Hunting Heritage Program or other efforts. These actions also benefit other species, including nongame animals such as songbirds, reptiles and amphibians.

Nominations for this year's awards are due by 5 p.m. on May 1. Winners are selected by the Wildlife Commission's Small Game Committee and will be recognized formally at the Commission's business meeting in October with a plaque and wildlife print.

The awards are named for the late Larry Diederick, a lawyer and a former

Wildlife Commissioner from Rocky Mount who died in 2002. Diederick was well known for his passion and advocacy of wildlife conservation, in particular small game.

In the individual category, past award winners have been landowners who improved and integrated small game habitat into their forestry or farming operations. In the organization category, past award winners have included corporations, government agencies, and non-government organizations whose actions improved small game habitat.

Anyone interested in submitting an award nomination must submit a nomination form and a written explanation describing why the nominee should receive the award. The written explanation should include the following:

Methods the nominee has used to further conservation of small game species.

How the nominee's efforts impact small game populations at the local, regional, or state-wide scale.

The long-lasting benefit to small game populations which will result from the nominee's efforts.

### Washington County Water Customers

In order to maintain water quality it is standard procedure for all water systems that use Chloramines treatment to temporarily suspend that treatment, for a short period of time, and use another type of treatment. Starting March 1, 2020 Washington County Water Department will begin using Chlorine to disinfect the distribution system. On April 1, 2020 we will return to our normal way of disinfection using Chloramines. Customers who use kidney dialysis machines or owners of aquariums who are charging their water should be aware of the change in water treatment during this time. Starting March 16, 2020 we will also begin a complete system flush and should be completed by April 1, 2020. Some flushing will start at 9 PM and 3 AM, with other sections being done between 9 AM and 2 PM during the flushing time period. (This is an annual procedure.)

Thank you, Washington County Water Department

## AKA's Kappa Iota Omega Chapter celebrates M.L.K. national holiday

Members of the Alpha Kappa Alpha Sorority, Inc., Kappa Iota Omega Chapter of Garysburg, celebrated the life and legacy of Dr. Martin Luther King, Jr. recently in the Roanoke Valley area.

On Jan. 10, the members attended the 7th annual Dr. Martin Luther King, Jr. Wreath Laying Ceremony at the M.L.K. Community Park in Roanoke Rapids. Members participated on the program and served the community with donuts and coffee.

On Jan. 20, members celebrated their International AKA Community Impact Day: MLK Day of Service by attending the annual MLK Unity Prayer Breakfast with the Littleton Civic and Planning Association followed by joining the 18th annual MLK National Holiday Celebration. The MLK National Day Program was hosted

at Oak Grove Baptist Church in Littleton. One its members, Ophelia Gould-Palson, served as the MLK National Holiday Celebration Chairwoman. The theme was "Remember, Celebrate, and Act: A Day On, Not a Day Off".

To exemplify "Service to all mankind", members collaborated with the Oak Grove Baptist Church, Littleton and Pliny Grove Baptist Church, Roanoke Rapids to erect, register, parishioners, pack and distribute food boxes donated by the Food Banks of Central and Eastern North Carolina to attendees and residents of the surrounding communities. The chapter's mentoring group, the Budding Roses and AKA Cents assisted with the aforementioned services as they begin to celebrate 50 years of existence. The Kappa Iota Omega

Chapter, led by Ma'In H. Jerman, Chapter President, continues to honor surviving comrades in its 2020 M.L.K. Community Service Project involved donating blankets and snacks to the Roanoke Rapids Dialysis Center.

Additionally, a representation of the 61 members of the Kappa Iota Omega Chapter celebrated Joint Founders' Day on Feb. 8 with several chapters in South Korea, Hormain, Japan, Canada, South Africa and the United Arab Emirates. The Mid-Atlantic Regional Director, Jennifer King Congleton, delivered the Founder's Day message. The Kappa Iota Omega Chapter celebrated AKA Community Impact Day, Pink Goes Red for Heart Health, on Feb. 7.

## North Carolinians can nominate a School Hero for a \$10,000 award

RALPHIGH - For the second year, a program is underway to shine a spotlight on NC School Heroes - those who help students achieve their dreams - with awards of \$10,000 to 10 School Heroes and \$10,000 to their schools.

The N.C. Education Lottery created the program as part of its support of public education in North Carolina. A large part of the money raised by the lottery this year, \$385 million, provides support for many of the school staff who work at public schools. The School Heroes program recognizes the important work those school employees do along with that of teachers, principals and others.

"Think back to your time in school and picture in your mind the person who made a difference in your life, someone whose kindness you've never forgotten or whose advice still rings true to you today," said Mark Mitchell, executive director of the N.C. Education Lottery. "That's a School Hero."

The website, [ncschoolheroes.com](http://ncschoolheroes.com), allows people to post a story and photo about their School Hero and

then vote on the ones they like the most. North Carolinians have until March 16 to post a nomination or vote on their favorites.

The first call for School Heroes came last year. North Carolinians responded with more than 6,750 nominations of teachers, principals, school staff and school workers and then cast two million votes for those they liked the most.

Judges reviewed the 200 nominations with the most votes and selected the 10 School Heroes. This 2019 class of School Heroes included a principal, two teachers, a teacher assistant and a substitute teacher. A school custodian, a high school basketball coach, a school crossing guard, and a school social worker.

As North Carolinians share their School Hero stories, they can discover how money raised by the lottery benefits their own communities. All 100 counties of the state get support for education programs from money raised by the lottery. Last year, the lottery raised more than \$700 million for public education.

In addition to support for school staff, the money raised by the lottery helps to build and repair schools, supports the N.C. Pre-K program for at-risk four-year-olds, provides college scholarships and grants based on financial need, and supports school transportation.

The Kappa Iota Omega Chapter celebrated AKA Community Impact Day, Pink Goes Red for Heart Health, on Feb. 7.

Compliance Matter.

NOTICE OF PUBLIC HEARING ON  
2019 IIRP UPDATE REPORTS AND  
RELATED 2019 REPS COMPLIANCE  
PLANS

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission (Commission) has scheduled a public hearing on compliance with the Commission's review and evaluation of integrated resource planning (IRP) in North Carolina. The purpose of the review and evaluation is to ensure that each regulated electric utility operating in North Carolina is developing reliable projections of the long-range demands for electricity in its service area and is developing a combination of reliable resource options for meeting the anticipated demands in a cost-effective manner. IRP is intended to identify long-term electric resource options which can be obtained at least cost to subscribers in North Carolina consistent with the selection of resource options. Commission Rule 88-40 requires that each of the electric utilities furnish the Commission with a biennial report in even-numbered years that contains the specific information set out in the Commission Rule. To aid in understanding the requirements, each of the electric utilities must file an update report detailing its most recent IRP compliance plan. In addition, regulated electric utilities are required to include their plans for meeting customer electric needs via renewable energy resources and energy efficiency programs by submitting a Renewable Energy and Energy Efficiency Portfolio Standard compliance plan (REPS compliance plan) as part of the IRP filing.

During the public hearing to be held in this docket, the Commission will receive testimony from interested public witnesses with respect to the most current IRP update reports and REPS compliance plans filed in 2019 by Duke Energy Progress, LLC, Duke Energy Carolinas, LLC, and Virginia Electric and Power Company, electric utilities within North Carolina. Public witness testimony will be received in accordance with Commission Rule 88-40.

A public hearing for the convenience of public witnesses and solely for the purpose of taking sworn public witness testimony is hereby scheduled as follows:

Today: 2:00 p.m., on Monday, March 9, 2020, in Commission Hearing Room 2113, Duke Building, 530 North Salisbury Street, Raleigh, North Carolina.

Anyone wishing to review the 2019 IRP update reports and REPS compliance plans filed by the utilities may do so either at the Commission's website, [www.ncuc.gov](http://www.ncuc.gov), by selecting the Docket list and selecting Docket No. E-190 Sub 157, or at the Office of the Chief Clerk of the Commission, Duke Building, 530 North Salisbury Street, Raleigh, North Carolina. Upon request, the Chief Clerk will place copies of the IRP, compliance plans and any other documents filed in this proceeding in centrally-located public libraries where they may be copied without prohibition. Such a request may be made by writing to the Chief Clerk, North Carolina Utilities Commission, 4325 Mail Service Center, Raleigh, North Carolina 27699-4328, and providing the name and address of the library to which the information is to be mailed.

Persons desiring to present testimony for the record should appear at the public hearing. Persons desiring to send written statements to inform the Commission of their position to the matter shall address their statements to:

Chief Clerk  
North Carolina Utilities Commission  
4325 Mail Service Center  
Raleigh, NC 27699-4328

nie like most people really think, you know?" she said. "But it was all like in a movie that night."

The full video can be seen at [bit.ly/2wT1XDK](http://bit.ly/2wT1XDK). An article, published in The Daily Herald on Nov. 25, 1955, "JCC Outlaws Bus, Train Segregation: Bus Case Had Beginning in Station Here in 1952," features an editor's note.

It states, "Miss Keys was tried in Mayor's Court here after the August 2, 1952, incident in which she was charged with disorderly conduct. She appealed the Mayor's Court decision to Halifax County Recorder's Court, where she was fined \$20 and costs."

A legal battle ensued in 1953 after Keys filed a complaint against the bus company. Several years later, Keys v. Carolina Coach Company settled in favor of Keys six days before Rosa Parks made her stand by refusing to give up her seat on a bus.

Since then, the Sarah Keys Evans Project members received a grant of \$50,000 from the Z Smith Reynolds Foundation to erect a monument at Martin Luther King Jr. Community Park in Roanoke Rapids.

Ervin V. Griffin Sr., a member of the team, said they have already broken ground for the project, and the drawings are being prepared by local artist Napoleon Hill.

"We can't show you all of those yet," he said. "He has given us some idea of what it will look like, but we can't share them until we unveil them."

The monument is expected to be completed on April 16, which is Evans' birthday.

"One way or another we are going to try and get her in some way if we have to Skype her in so that she can visibly see what's going on because this is a monumental occasion," team member Charles R. McCollum said at the event. "She's excited about it that little old her would gain the kind of recognition for the

things that she did just by accident."

"It's incumbent upon us to highlight her achievement because all of us became beneficiaries of her act," he continued. "I think it's very important, and I think we need to do all we can to highlight her contribution."

The monument will display images of the events that took place the night Evans was in Roanoke Rapids, leading up to the civil rights victory. One image shows Evans being walked by an officer with her hands behind her back.

"The Daily Herald asked if the image shows Evans handcuffed, to which Griffin said no.

"She had her hands like that, but she wasn't handcuffed," he said.

"She told us when she actually looked at the road signs, and she said, 'No, they did not.' When you see the now one, it's changed."

Gregory Browning, also attending the program, said he became very familiar with Evans' story after he moved to Roanoke Rapids in 1995.

"I wasn't that Rosa Parks was the first person to not give her seat up on the bus, but there were others that came before her," he said. "This being one of them and the actual court case that was won about the boycott in Montgomery was not Rosa Parks' case but someone else. There was a lawyer and she just didn't have the face that people would be imitating and Rosa Parks did have that look. That's why people remember Rosa Parks versus the young lady who the court case was actually about."

Browning said he is proud to see that the monument will help educate young people in Halifax County.

"It's rich history," he said.

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission (Commission) has scheduled a public hearing in conjunction with the Commission's review and evaluation of integrated resource planning (IRP) in North Carolina. The purpose of the review and evaluation is to ensure that such regulated entities operating in North Carolina are developing viable projections of the long-range demands for electricity in its service area and in developing a combination of reliable resource options for meeting the anticipated demands in a cost-effective manner. IRP is intended to identify those electric resource options which can be developed at least cost by customers in North Carolina consistent with adequate, reliable electric service, RPS compliance, environmental, efficiency, health management and other demand-side program alternatives in the selection of resource options. Commission Rule 43-45 requires that each of the electric utilities subject to the Commission with a licensed report to even-powered years that contains the possible integration set out in that Commission Rule. In addition, each utility is required to include in its IRP the most recent update report updating its most recently filed IRP report. In addition, regulated entities are required to include in their IRP the most recent update report updating its most recently filed IRP report. ## KABUL, AFGHANISTAN

### Ghani wins 2nd term as president

Ashraf Ghani won a second term as president of Afghanistan, the country's independent election commission announced Tuesday, more than four months after polls closed.

The commission said Ghani garnered 529,882 votes, or 50.6%, in the election that took place last Sept. 28. He must challenge the country's chief executive Abdullah Abdullah, received 220,811 votes, or 50.6%.

Ghani and Abdullah head a fragile national unity government that was put together under U.S. pressure after last year's election victory in Afghanistan's 2014 election.

Election results repeatedly were delayed amid accusations of misconduct and technical problems with counting ballots. The final vote tally originally was to be announced Nov. 7.

Dr. Abdullah Nader, head of the national election commission, previously said that 1.8 million Afghan citizens voted in the election out of some 2.6 million eligible voters.

### Locust outbreak reaches South Sudan

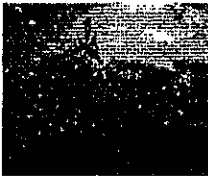

The worst locust outbreak that parts of East Africa have seen in 70 years has reached South Sudan, a country where roughly half the population already faces hunger after years of civil war, officials announced Tuesday.

About 2,000 locusts were spotted inside the country, Agriculture Minister Omer Adigbo told reporters. Authorities will try to control the outbreak, he said.

The locusts have been seen in Eastern Equatoria state near the borders with Ethiopia, Kenya and Uganda. All have been affected by the outbreak that has been influenced by the changing climate in the region.

The situation in those three countries "remains extremely alarming," the U.N. Food and Agriculture Organization said in a latest report. Much earlier Monday, locusts also have reached Sudan, Ethiopia, Tanzania and more recently Uganda.

The soil in South Sudan's Eastern Equatoria has a sandy nature that allows the locusts to lay eggs easily, said Michael Mado, country representative with the

PAO.

All this along, "if we are not able to deal with them... it will be a problem," he said. South Sudan is even less prepared than other countries in the region for a locust outbreak and its people already are more vulnerable. More than 6 million people are severely food insecure, the U.N. humanitarian office said in its latest assessment, and some 800,000 children are malnourished.

## JERUSALEM

### Netanyahu trial to begin March 17

The criminal trial for Prime Minister Benjamin Netanyahu will begin March 17, court officials announced Tuesday, starting up the final stretch of a contentious election campaign and leaving the longtime Israeli leader's hopes of forming a new government after the vote.

The announcement means that Netanyahu will appear in the Jerusalem court as a defendant just two weeks after the March 23 election. After a campaign in which Netanyahu has worked feverishly to divert attention from his legal woes, the final days of the race are almost certain to play into the hands of his opponents by focusing on the looming trial.

Netanyahu was indicted in November on charges of fraud, breach of trust and accepting bribes in connection to a series of scandals. He is accused of accepting bribes from a billionaire friend and offering regulatory favors to local media moguls in exchange for positive news coverage.

## Russia and Turkey agree on more talks on Syria

BY SUZAN FRASER  
AND JAMEY KEATEN  
The Associated Press

ANKARA, Turkey — Talks between Russia and Turkey aimed to reduce tensions in northwest Syria did not yield a "substantive result" for Ankara, but both sides agreed to continue negotiations, a spokeswoman for Turkey's president said Tuesday.

Turkey and Russia support that groups in the Syrian conflict and for the past few years have closely been coordinating their moves in the region. A tense standoff between the two countries collapsed in late 2018, leading to an offensive by Russian-backed Syrian forces who captured vital areas in the last rebel stronghold and triggered one of the civil war's worst humanitarian crises with about 60,000 people fleeing their homes.

A Turkish delegation ended two days of talks with Russian officials in Moscow, said Vladimir Kalin, the spokesman for Russian President. Recep Tayyip Erdogan, said both sides agreed to meet again. "We did not accept the document and map that was presented to us," Kalin said, adding that Turkey's position was firm and would not change. "We will continue working to resolve the situation in Syria," Kalin said, adding that Ankara would respond to any attack against the troops "in the strongest way like we did in the past weeks."

The Russian Foreign Ministry said in a statement that "both sides noted their agreement to the existing agreements that encourage measures to reduce tensions, ease the humanitar-

ian situation and continue the fight against terrorism."

The end of the talks came hours after the U.N. Human Rights chief urged Syrian government forces and their allies to allow safe corridors in conflict areas in northwestern Syria, where a military offensive has unleashed a massive wave of fleeing civilians in one of the worst humanitarian catastrophes in the long civil war.

Michelle Dunne told reporters in Geneva it was "beyond belief" that civilians live under shelling in freezing conditions while getting bombed.

Her appeal came after a day after Syrian President Bashar Assad pledged to press ahead with a military campaign in the northwest that has displaced many people from their homes since the start of December, according to U.N. officials.

Many of the civilians are sleeping in open fields and under trees in freezing temperatures. "Children and families are caught between the violence, the killing and the lack of food and the desperate living conditions. Such subject disregard for the safety and well-being of civilians and families is beyond belief and must not go on," said Louisa Harbo, executive director of the U.N. children's agency.

About half the region's population already has fled other parts of Syria, and the

placement of refugees camps are full. Aid organizations, including the U.N. World Food Program, have been forced to stop food distribution temporarily because the fighting has disrupted the movement of trucks bring-

ing supplies to the region.

Backed by Russian air power, Syrian government troops have made small advances, retaking dozens of towns and villages in the province and nearby rural areas around Aleppo.

NOTICE OF PUBLIC HEARING ON  
2019 RUP UPDATE REPORTS AND  
RELATED 2019 RUP COMPLIANCE  
PLANS

NOTICES HEREBY GIVEN that the North Carolina Utilities Commission (Commission) has scheduled a public hearing in conjunction with the Commission's review and evaluation of the integrated resource planning (IRP) in North Carolina. The purpose of the review and evaluation is to ensure that each regulated electric utility operating in North Carolina is developing a reliable resource plan that meets the state's electricity needs in a cost-effective manner. The IRP is intended to identify the electric resource options which can be developed at least cost to meet the state's electricity needs in a cost-effective manner. The IRP is also intended to identify the electric resource options which can be developed at least cost to meet the state's electricity needs in a cost-effective manner. The IRP is also intended to identify the electric resource options which can be developed at least cost to meet the state's electricity needs in a cost-effective manner.

During the public hearing to be held in this docket, the Commission will receive testimony from interested parties with respect to the proposed 2019 RUP update reports and RUP compliance plans filed in 2019 by Duke Energy Progress, Duke Energy Carolinas, EIC and Virginia Electric and Power Company, and Dominion Energy North Carolina. Public testimony testimony will be received in accordance with Commission Rule 21-21(a).

A single hearing for the convenience of public witnesses and solely for the purpose of taking non-urgent public testimony testimony is hereby scheduled as follows:

Raleigh 7:00 p.m., on Monday, March 9, 2020, in Commission Hearing Room 2119, Duke Building, 436 North Salisbury Street, Raleigh, North Carolina.

Anyone wishing to review the 2019 RUP update reports and RUP compliance plans filed by the utilities may do so either at the Commission's website, www.ncuc.gov, by selecting the "Public Information" link, or at the Office of the Chief Clerk of the Commission, Duke Building, 436 North Salisbury Street, Raleigh, North Carolina. Upon request, the Chief Clerk will place copies of the RUP compliance plans and any other documents filed in this proceeding in centrally-located public libraries where they may be copied without payment. Such a request may be made by writing to the Chief Clerk, North Carolina Utilities Commission, 4325 Mail Service Center, Raleigh, North Carolina 27699-6100, and providing the name and address of the library to which the information is to be sent.

Persons desiring to present testimony for the record should appear at the public hearing. Persons desiring to send written statements to inform the Commission of their positions in the matter shall address their statements to:

## Study begins in U.S. to test possible coronavirus treatment

BY JOE FUNK  
The Associated Press

OMAHA, Neb. — The first clinical trial in the United States of a possible coronavirus treatment is underway in Nebraska and eventually is expected to include 400 patients at 60 locations around the world, officials said Tuesday.

Half of the patients in the international study will receive the antiviral medicine remdesivir while the other half will receive a placebo. Several other studies, including one looking at the same drug, already are underway internationally.

Dr. Andre Kall, who will oversee the study at the University of Nebraska Medical Center, said the clinical trial was quickly developed in response to the virus outbreak that originated in China. Patients who are hospitalized with COVID-19, the disease caused by the virus, will be

Dr. Andre Kall, of the University of Nebraska Medical Center, speaks Tuesday in Omaha, Neb.

eligible to join the trial if they have at least moderate symptoms.

"The goal here is to help the people that need it the most," Kall said.

Patients who were evacuated from a cruise ship in Japan are being treated at the University of Nebraska Medical Center. Twelve of them have tested

positive for COVID-19. There are no proven treatments or vaccines for the new and mysterious virus, which has infected more than 50,000 people worldwide and killed more than 2,700, with the overwhelming majority of cases in China.

Doctors give patients fluids and pain relievers to try to ease the symptoms, which can include fever, cough and shortness of breath. In the case of those who are severely ill, doctors use ventilators to help them breathe or a machine that pumps and oxygenates their blood outside the body, easing the burden on the heart and lungs.

At least two patient studies already are underway in China, including the other study involving remdesivir, which is made by Gilead Sciences, and another that tests a combination HIV drug containing lopinavir and ritonavir.

In a draft research plan published last month, the World Health Organization said remdesivir was considered "the most promising candidate." It initially was used to treat Ebola patients in Congo before that study stopped. But the WHO official advisory committee that suggested it might be able to target SARS and MERS,

which are cousins of the new virus. Gilead has provided the drug for use in a small number of patients, including a man in Washington state who fell ill after a trip to Wuhan, the Chinese city of the center of the outbreak. He no longer is hospitalized, but it is not clear whether the remdesivir helped him.

## Lawyer: Hospitalized Weinstein is 'energized' about his appeal

NEW YORK — A hospitalized Harvey Weinstein was "upbeat" and "energized" about spending his second month and rape conviction, one of his lawyers said Tuesday, as one of Weinstein's accusers said the verdict made her feel grateful to see "her real self."

Weinstein remained in a jail unit at Juddman Hospital, where he was taken after the verdict Monday to be checked out for heart palpitations and high blood pressure.

Attorney Arthur Altaba on Tuesday called the hospitalization "a precautionary measure to take him here and make sure his vitals are everything were OK" and

and it was not clear how long Weinstein would be at Bellevue.

After Monday's verdict, he had been destined for jail to await sentencing, set for March 11.

In the meantime, Weinstein greeted his lawyer, unidentified, in a large hospital room with jail officers outside and was looking forward to visiting, Altaba said.

"He's in pretty good spirits. He's energized," the attorney told reporters. He said the 57-year-old former Hollywood studio boss was focusing on his innocence and "somewhat disappointed by the verdict," but determined to fight on.

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission (Commission) has scheduled a public hearing in conjunction with the Commission's review and evaluation of integrated resource planning (IRP) in North Carolina. The purpose of the review and evaluation is to ensure that each regulated electric utility operating in North Carolina is developing reliable projections of the long-range demands for electricity in its service area and is developing a combination of reliable resource options for meeting the anticipated demands in a cost-effective manner. IRP is intended to identify those electric resource options which can be obtained at least cost to ratepayers in North Carolina consistent with adequate, reliable electric service. IRP considers conservation, efficiency, load management and other demand-side program alternatives in the selection of resource options. Compliance Rule 22-40 requires each of the electric utilities through the Commission with a license to sell electricity to submit an IRP report to the Commission every two years that contains the specific information set out in that Commission Rule. In well-scheduled years, each of the electric utilities must file an update report updating its most recently filed biennial report. In addition, regulated electric utilities are required to include their plans for meeting customer electric needs via renewable energy resources and energy efficiency programs by submitting a Renewable Energy and Energy Efficiency Compliance Standard compliance plan (REES compliance plan) as part of the IRP filing.  
During the public hearing to be held on this docket, the Commission will receive testimony from interested public witnesses with respect to the most recent IRP update reports and REES compliance plans filed by the utilities in 2019 by Duke Energy Carolinas, FPL of Florida, and Virginia Electric and Power Company, d/b/a Dominion Energy North Carolina. Public witness testimony will be received in accordance with Commission Rule R3-21.1(g).

# NC Safe Plates course being offered

The Person County Cooperative Extension will be offering "NC Safe Plates" for all those who work in the food service industry. The course will help food establishments meet the requirement of having at least one supervisor certified as a food protection manager, which is a mandate of the North Carolina Food Code. There will be instruction in personal hygiene, purchasing from reputable suppliers, eliminating cross-contamination and correct temperatures for storing, preparing and holding foods.

Each year in the United States, there are around 6,000 unnecessary deaths that occur from a foodborne illness. Also, there are hundreds of hospitali-

tations, unnecessary medical expenses, lost time from work, loss of revenue from the business, customer mistrust, and the list goes on.

"NC Safe Plates" will be offered by the Person County Cooperative Extension from 1-5 p.m. March 30 through April 1, with the exam on April 2. Participants will receive a certificate of completion. The registration fee is \$135 and is due by March 31, along with the registration form.

Call the Person County Extension Office at 336-593-1105 or email Jennifer\_Grabag@ncsu.edu for more information.

**REGIONAL BEEF CONFERENCE**

Mark your calendars

for March 6, the date for the eighth annual Piedmont Regional Beef Conference. We have a great lineup of speakers for you this year. The location will be the Chatham County Agriculture and Commerce Center, located at 1102 U.S. Highway 94 West, Thomas, Philiboco. Registration begins at 8:30 a.m., with the conference running from 9:15 to 5:30 p.m. There will be a trade show with lots of livestock-related companies. Cost is \$15 before Feb. 24, or \$20 at the door.

Speakers are Dr. Darrin Bullock from the University of Kentucky, who will be discussing bull selection for the commercial cow; Dr. Dale Woerner from Texas Tech University will be offering thoughts

on high-quality beef and cutting a primal portion of a carcass to show the difference in beef quality; and Lea Menzies of NC Choices will talk about aiding with your operation with meat sales. The full agenda and registration information is available on our website: <http://pcces.ncsu.edu>

## PCC to offer medication aide training

Piedmont Community College will offer medication aide course on the Caswell County Campus beginning March 10. The class will be held from 1-5 p.m. Monday to Thursday, through March 24.

This short-term health care training will allow successful students be eligible to take the competency exam and demonstrate skills requirements necessary to qualify for listing on the North Carolina Medication Aids Registry. The cost for the program,

including fee, exam, and textbook, is under \$150, and provides skills for employment.

Course topics include medication administration via the oral, topical and injection routes, medical asepsis, hand hygiene, terminology and legal implications.

To enroll in this course, a student must be a high school or high school equivalency graduate and be listed on the N.C. Nurse Aide I Registry.

Registration can be completed online at [www.piedmontcc.edu/medaide](http://www.piedmontcc.edu/medaide), in person on either of PCC's campus locations (Caswell County Campus, 331 Piedmont Drive, Vanceboro, or Person County Campus, 1716 College Drive, Roxboro), or by calling 336-594-6064. The required textbook must be purchased prior to the first day of class and is available at PCC's Person County Campus bookstore or online at [www.piedmontcc.edu/bookstore](http://www.piedmontcc.edu/bookstore).
